PROJECT FOCUS

To develop a clearer understanding of the data sharing redundancies and inefficiencies occurring between school districts and CIS and TEA and CIS.

DELIVERABLES

- Data dictionary outlining common metrics used for data sharing
- Data collection workflow documenting and quantifying redundancies and inefficiencies in the data sharing processes between CIS-districts and CIS-TEA
- Summary report detailing findings from analysis conducted on datacollection workflow

Communities In Schools of Central Texas (CIS) surrounds students with a community of support, empowering them to stay in school and achieve in life.Through school-based CIS staff, it brings community resources into schools to empower success for all students by removing barriers for vulnerable students atrisk of dropping out, keeping kids in schools and on the path to graduation and leveraging evidence, relationships and local resources to drive results.
