

PROJECT FOCUS

To better understand how 2021 American Rescue Plan Act (ARPA) funds have been used for broadband investments across Texas.

KEY ACTIVITIES & DELIVERABLES

- Compiled U.S. Department of Treasury county-level demographic and ARPA expenditure data into one data set
- Conducted a correlation and regression analysis between demographic variables and ARPA expenditures by county
- Developed a final report outlining findings from analysis, including maps depicting broadband expenditures at the county level
- Created an interactive, ArcGIS dashboard that highlights broadband access and expenditures by county

Connected Nation's mission is to improve lives by providing innovative solutions that expand the access, adoption, and use of high-speed internet and its related technologies to all people. It empowers people with technology skills and resources to improve their quality of life and develops public-private partnerships to bring technology access to targeted geographies and populations.
