

**PROJECT FOCUS**

To strengthen Fostering Hope Austin’s ability to track and measure the impact of its various programs.

**DELIVERABLES**

- Foster Care Babysitter Training program logic model and manual of procedures for data collection
- Literature review on trauma-informed care and its impact on parenting
- Suite of surveys (pre-/mid-/post-) for Trauma Competent Caregiving (TCC) training series
- Final report summarizes findings from TCC training series survey response analyses

Fostering Hope Austin (FHA) is a nonprofit organization committed to building stronger foster and adoptive families through training, mentoring, and church ministry development. It empowers families and church leaders who want to offer a holistic solution to the foster and orphan crisis while also working with other community partners to achieve this goal.
