

**PROJECT FOCUS**

.....

To understand which barriers/factors are impacting FC residents' ability to stay housed and whether the services FC provides to its residents are addressing these barriers.

**DELIVERABLES**

- .....
- Analysis of FC resident data to determine primary barriers affecting their ability to stay housed
  - Analysis of FC services and how they address specific barriers to residents' ability to stay housed
  - Set of recommendations for service delivery to better define which residents are most likely to stay housed given the types of barriers they face and the services that FC can provide to them

Foundation Communities (FC) provides affordable, attractive homes and free on-site support services for thousands of families with kids, as well as veterans, seniors, and individuals with disabilities. It offers an innovative, proven model that empowers its residents and neighbors to achieve educational success, financial stability, and healthier lifestyles.
