

**PROJECT FOCUS**

To visualize 2-1-1 data in a way that helps the community make informed decisions about service delivery, including investment decisions, program support, and further data collection.

**DELIVERABLES**

- Development of a Google map containing the location information for different early childhood programs
- Development/revamping of an interactive 2-1-1 map application
- User manual for updating the Google map and documentation of code for updating the interactive 2-1-1 map application

United Way for Greater Austin

United Way for Greater Austin brings people, ideas, and resources together to fight poverty in the greater Austin community. It is dedicated to providing families and individuals in need with the tools and resources needed to thrive and drives impact by partnering with and investing in efforts to address the immediate needs of families in poverty while also leading efforts to address long-term community change.
