

PROJECT FOCUS

To better understand and display the mental health resource landscape of college campuses across Texas.

DELIVERABLES

- Structured data set outlining student demographics and mental health resources from 80 college campuses across Texas
- Report summarizing the landscape of mental health resources on college campuses across Texas
- Set of recommendations outlining which academic institutions Young Invincibles should include in its upcoming listening tours

Young Invincibles is a national organization that aims to expand economic opportunity for young adults ages 18 to 34 and ensure that their impact is heard wherever decisions about their collective future are being made. It works toward this goal by amplifying the voices of young adults in the political process on issues related to health care, higher education, and economic security.
