

PROJECT FOCUS

To document data collection, entry, analysis, and reporting policies and procedures for Merced Housing Texas' service/program areas.

KEY ACTIVITIES & DELIVERABLES

- Reviewed current data collection, entry, analysis, and reporting policies and procedures across all programming and service areas; provided recommendations for improvement
- Developed new and refined current policies and procedures for Merced Housing Texas' Support Services, Owner Occupied Repair and Resident Services programs

Merced Housing Texas creates and strengthens healthy communities by providing quality, affordable housing with supportive services for low-income individuals, families and older adults. The goal of Merced Housing Texas is to provide safe and affordable shelter and build communities where opportunities for education, employment, financial literacy and health are enhanced and encouraged.
